EXPERIENCE

All-Star Code

Summer Intensive Coding Program, July-August 2017

- Worked with the basics of coding and learned Javascript, CSS, and HTML. Learned to create own website, app, and games.
- Mentored in basic life skills (managing time and money).
- Learned to work with others to accomplish difficult tasks
- Encouraged to dare greatly and celebrate failure.

Summer on the Hill

Prep Course for SAT/ACT, June 2012-Present

- Participated in classes for SAT/ACT prep over the summer and Saturdays during the school year.
- Assisted in mentoring younger students.
- Provided creative solutions to projects which helped others in the long run.

AWARDS

- Received a full scholarship throughout the school year for academic performance.
- Remained top 3 in class academically: Rank 2 in Freshman year (95.1 GPA) and Rank 1 in Sophomore year (99.2 GPA).
- Recipient of American Chemical Society award for outstanding performance in High School Chemistry.
